

LANCASHIRE AMATEUR LEAGUE

We are looking to strengthen our League

Management Committee in order to deliver planned football developments.

- ⚽ Do you have the enthusiasm and desire to give back or make a difference to football in our communities?
- ⚽ Do you or have you managed or coached in Open Age football?
- ⚽ Are you, were you a qualified and experienced Referee?
- ⚽ Do you have experience of Grounds and Facilities requirements in grassroots football?
- ⚽ Do you have knowledge & skills in Safeguarding?
- ⚽ Do you value Equality, Diversity and Inclusion in sport?
- ⚽ Do you have skills in Marketing, IT, Business Management, or Fund raising?
- ⚽ Are you currently involved with one of our member clubs?

If so there are several development areas we want to prioritise and we are committed to involving our member clubs in getting our football offer right. In addition, we now have very strong links with the County FA, which is a vital part in ensuring Grass roots football provides a quality contemporary offer to players and officials.

If you have the knowledge, skills and experience and you'd like to make a difference get in touch. We are happy to discuss preferred roles and share what we intend to focus on and how we intend to go about it.

There is a lot to do, but don't be put off by thinking it may be too much to take on. We can tailor your contributions to the time you have available. We have several members who have lots of experience and who will be happy to induct you and provide advice and support.

These positions don't crop up very often so don't hesitate to contact Peter Duffy Hon. Sec. (lal.secretary@gmail.com), Simon Lord League Chairman (simjenmik@zen.co.uk), or Pete Jackson Vice Chairman (jacksonlymm@ntlworld.com).

Please note these are voluntary positions

The Lancashire Amateur League provides adult Saturday football across Lancashire. Formed in 1899 we have six Divisions and are an England Football Accredited League.

The LAL Management Committee has an under representation of Black & Minority Ethnic communities involved in managing our league. We are also keen to encourage more females to play their part in running a grassroots football league. We would also welcome applicants with disabilities to join us, as we believe football is an inclusive sport for everyone.
